

FOR IMMEDIATE RELEASE

Sapio Sciences Announces Exemplar LIMS Licensed By Children's Hospital of Philadelphia

York, PA – February 22, 2008 – Sapio Sciences is pleased to announce that Dr. Hakon Hakonarson's lab at The Children's Hospital of Philadelphia has licensed Exemplar LIMS v2. Dr. Hakonarson's laboratory will be utilizing Exemplar LIMS flexible architecture to support its Affymetrix 6.0 Genotyping platform. Exemplar LIMS ability to model the complex Affymetrix protocol and to easily integrate with other applications and equipment was key in the selection of Exemplar.

"We are pleased that The Children's Hospital of Philadelphia has chosen Exemplar LIMS.", says Kevin Cramer, VP of Sales at Sapio, "Dr. Hakonarson is a highly respected researcher in his field and he has assembled a fine team in his lab. We look forward to working closely with them in support of the Affymetrix 6.0 platform and future platforms and technologies."

Sapio Sciences Exemplar LIMS v2 is available immediately. For more information or to schedule a product demonstration, visit <http://www.SapioSciences.com>.

About Sapio Sciences LLC

Sapio Sciences is a leading provider of LIMS and Data Management software, enabling scientists to manage samples, protocols and clinical trials. Sapio will continue to break new ground in ease of use and breadth of functionality across its product line, enabling organizations to reduce costs while increasing productivity and efficiency of both laboratories and researchers alike. Sapio has strong working relationships with Affymetrix, Illumina, Applied Biosystems, Expression Analysis and Genome Explorations ensuring compatibility with technology from these leading companies.

About The Children's Hospital of Philadelphia

The Children's Hospital of Philadelphia was founded in 1855 as the nation's first pediatric hospital. Through its long-standing commitment to providing exceptional patient care, training new generations of pediatric healthcare professionals and pioneering major research initiatives, Children's Hospital has fostered many discoveries that have benefited children worldwide. Its pediatric research program is among the largest in the country, ranking third in National Institutes of Health funding. In addition, its unique family-centered care and public service programs have brought the 430-bed hospital recognition as a leading advocate for children and adolescents.
