

## FOR IMMEDIATE RELEASE

### Leading Plant Biotechnology Firm Selects Exemplar LIMS

**Baltimore, MD – September 29, 2011** – Sapio Sciences is pleased to announce that a leading plant breeding and biotechnology company has selected Exemplar LIMS as its Laboratory Information Management (LIMS), Assay Data Management and Electronic Lab Notebook (ELN) Solution. Sapio was chosen because of Exemplar's ability to manage a diversity of data from different domains and for its ability to implement workflows\processes rapidly as well as its ability to manage assay data. This firm will be utilizing Exemplar LIMS capabilities to make large-scale production of biofuels possible by improving yields and lowering costs.

#### About Sapio Sciences Llc

Sapio Sciences is a leading provider of LIMS and Data Management software, enabling scientists to manage samples, protocols, assay data and clinical trials. Exemplar LIMS breaks new ground in its breadth of functionality and ease of configuration. With built-in Sample Management, Step-by-Step protocol tracking (ELN), data management and integrated analytics, Exemplar LIMS addresses the full life cycle of samples from receipt to processing and analysis. Sapio will continue to lead in ease of use and breadth of functionality across its product line, enabling organizations to reduce costs while increasing productivity and efficiency of both laboratories and researchers alike. Sapio has strong working relationships with leading platform vendors such as Affymetrix, Illumina and Applied Biosystems ensuring compatibility with technology from these leading companies.
