

Sapio Training Options

A snapshot of delivery, practice and assessment - choose the option that fits how your team needs to learn.

All options cover standard, out-of-the-box Sapio functionality. Training on your specific configuration is scoped separately with Sapio Customer Delivery.

AT A GLANCE Compare your training options	1 eLearning Onboarding Package \$1,000 per package	2 eLearning for All Users \$150 per named learner	3 eCertification \$500 per seat	4 3-Day Classroom Certification \$2,500 per person
Who it is for / value	During implementation or onboarding: level-set on Sapio terms, acronyms, out-of-the-box capabilities and data design. Prepare internal trainers to teach others.	For most users during implementation or onboarding. Flexible foundational training for teams and new hires.	For developers, IT and support teams. Combine flexible study with hands-on practice and verified competency.	For developers and partners. Advanced and intensive, rapid, instructor-led enablement.
